

Constitutional Motion: Elected Officials Reports To Branch

Proposer: Ben Parker

Amendment for A1-Elected Official Reports

From line 2 to 4:

~~During scheduled branch meetings~~Each month a representative of elected councillors and a representative of elected MSPs will provide a written report to the branch committee on their work from the current month~~of,~~which will be distributed to branch membership by email. Short verbal reports will also be made by councillor representatives and MSPs at at least 3 branch meetings a year, including at the ~~meeting on behalf of their group~~AGM.

Reason

It is not always appropriate to reserve time for Cllrs and MSPs to speak at branch events - for example, where we have external speakers or where time is very limited. This amendment keeps the spirit of the motion in ensuring that our representatives do report their work to the branch - and in a timely fashion! - but does not stipulate that they must do so at every branch meeting.
