Statement

Hi! I'm Kate and alongside Ben, I've been one of the branch co-convenors this past year. We've really enjoyed working with the committee and each other so are asking for your #1 and #2 votes to continue in the role for a 2nd year.

It's been a busy and strange past year! Since coming into post, Ben & I have helped steer the branch through:

- The (snap) general election campaign, where we ran candidates in every constituency in Edinburgh
- Keeping branch meetings, communications and core activities going through COVID-19

- Kicking off the Holyrood election campaign, helping to establish the Lothian campaign team for 2021

We've also:

- Worked with the committee to establish a working group structure and offer new ways for members to be involved with the branch
- Worked closely with local teams and members to develop local actions and capacity, including running trainings and strategy days
- Worked hard to try and improve the diversity of our committee and candidates, including running 'pathways into politics' events for under-represented groups, and helping ensure that accessibility/inclusion is considered across all branch activity, including in the budget
- Taken a collaborative, participatory approach to running meetings, helping to facilitate decision-making where all voices are heard

We hope you can place your trust in us to co-convene the branch through what will be a big year to come! Thank you.

Role preference

First preference	Co-Convenor
role:	
Second preference	Election Campaign Coordinator
role:	
Third preference	Local Teams Development Officer
role:
