Statement

Hi, I'm Mark.

Originally from Galloway, I've lived in Edinburgh since I was seven, apart from stints in Glasgow and Germany. I'm a relatively new member of the party, having found Brexit and the various fiascos of lockdown sharpened my political consternation to boiling point! I came across Greens online and was happy to see their views gelled with mine, and with my 40s on the horizon I realised it was time to be part of the change I was hoping for.

I've worked in the public sector since 1998, and in criminal justice since 2001, with skills and expertise in data analysis, report writing, policy & scrutiny, training, business improvement, planning, and liaison with external agencies/partners. I have also served on committees of societies at University and later for a charity.

Much as I like helping spread the word amongst friends, acquaintances, and enemies(!) online, I really would like to get stuck in and help in a more practical way. Elections are only eight months away, and I think I have a fair bit of drive to offer the branch over the next year.

I'm putting myself forward as Ordinary Member, Secretary or Vice-Convenor because I am a hard-worker, meticulous about detail and a bit of a jack-of-all-trades. A voice of counsel and experience (some good, some bad), I'll put in the legwork so that no-one becomes exhausted.

With by-elections this year, Holyrood in 2021 and council elections in 2022, let's get busy being the change we want to see!

Thank you for your attention.

Role preference

First preference	Secretary
role:	
Second preference	Ordinary Member
role:	
Third preference	Vice-Convenor
