

Committee Nomination

Proposer: Fraser May

Title: Fraser May (he/him)

Why would you like to be elected to the role(s) you are standing for?

It is an exciting time to be involved in the Edinburgh Greens and I would like to play my part in helping to take us to the next level of electoral success. After a record number of Green votes this year, the 2027 elections provide an opportunity for the party to be ambitious about what can be achieved. With an excellent campaign that builds on the Holyrood campaign and one that learns the lessons from the 2022 election we should be aiming to be the biggest party in the council.

What skills, knowledge and life experience would you bring to the role(s) you are standing for?

I have been involved in helping to organise election campaigns in Edinburgh since the 2019 Westminster general election and feel I have experience I can offer to make the 2027 campaign the best it can be.

I work as a civil engineer which involves planning and organising large projects and programmes of work - which brings a lot of transferrable skills for an election campaign.

Role preference

First preference role: Elections and Campaigns Working Group Ordinary Member
